

NOMINATION - Jason Taylor Family Giant Spark Fund

The Marion High School Alumni Association is dedicated to helping meet the needs of its local community in line with the principles of the MHSAA Bylaws. Through Jason Taylor's inspirational story and gracious support, MHSAA can help support Marion students' passions and help inspire them to greatness, so that they too can become Giants in the world. MHSAA works with Marion teachers to connect students who have that spark — like Jason did when he was young — to resources and opportunities they might not otherwise be able to access. Please provide as much information as possible about your nominee and the opportunity with which you want to connect them!
